

TRADE BOARD RIFLE CLUB PLANS RANGE

Joins National Association and Also Will Shoot at Winthrop. Maryland Targets Ready.

Eighty-five members of the local Board of Trade affiliated as a rifle club with the National Rifle Association today. At an election recently held, the following officers were named: President, Louis C. Wilson, disbursing officer of the District of Columbia; vice president, Frank E. Cunningham, clerk of the office, City Hall; secretary, Richard L. Conner; treasurer, Odell S. Smith; executive officer, H. C. Bangs.

Arrangements are now under way to provide this club with an indoor range of its own. The outdoor work at Winthrop for the local club will be started next Monday. The outdoor range will be the same as that of the High School Cadets. The indoor range will be the same as that of the High School Cadets. The indoor range will be the same as that of the High School Cadets.

Monday Officers' Day. Major Fred H. Phillips, in charge of the organization work, announced today that next Monday will be reserved for the officers of all the rifle clubs. To each of the clubs one target will be assigned. This will accommodate four firms for the marksmanship course, which consists of 20 shots slow and 20 shots rapid fire at 200 yards, prone, kneeling, squatting, and standing.

A letter which was mailed today by Major Phillips to the officers of the local clubs, reads in part: "Our Krag ammunition has arrived at Winthrop and Krag rifles will be furnished. You may bring your own rifles if you desire, and if you bring a Springfield rifle ammunition for it will be available."

"It is suggested that those who intend to fire wear old clothes. There will be a coach at every firing point, who will give individual instruction."

"The steamer De Barry leaves Potomac and Chesapeake Company wharf at Eighth and K at 9 a. m. It leaves Alexandria at about 9:30 a. m., and arrives at Winthrop at about 11:30 a. m. The steamer leaves Winthrop at 3 p. m. and is due in Washington at about 7:30 p. m. The round trip fare will be 40 cents. The steamer company has promised to reduce the rate to 25 cents if the traffic averages 150 a day."

"A 15-cent dinner will be served in the mess hall at Winthrop. Parties may bring their own lunches if they desire."

Ladies Are Welcome. "Bring your friends. If the target assigned to your own club is filled up, there will probably be a place for them on other targets. If not, they will enjoy the trip anyway. The ladies are welcome, and comfortable quarters will be provided for those who do not wish to shoot."

"A meeting of the District of Columbia Rifle Association will be held aboard the steamer, and plans for the summer's range work will be arranged."

On the indoor range the Patent Office team, after winning the inter-bureau rifle tourney, is meeting the several teams singly.

Last night the Land Office lost by a score of 46 to 42. Next week the Patent Office team meets the Pension Office team.

TASK TO ARRANGE SUFFRAGE GATHERING

Managers Find Accommodations Scarce for Convention.

While the twenty-three envoys are touring the equal suffrage States of the West and organizing a woman voters' party, Miss Elizabeth Elder, of Philadelphia, is busily engaged making arrangements for the first national convention of the new organization, which is to be held in Chicago June 5, 6, and 7, at the same time the Republican and Progressive parties meet.

That she is finding her task a difficult one was indicated at headquarters of the Congressional Union here, this morning. A few days ago she wrote to several of the larger hotels in Chicago regarding rooms for the women delegates and learned that every available room had been engaged in advance by those who will attend the Republican and Progressive conventions. Similar conditions were found almost everywhere they inquired.

It has been suggested that a lake steamer be chartered to accommodate the militant scouts during their convention. Some of the older and more dignified women, however, have objected to this, although it is possible the suffragists may resort to this means of housing their delegates. If one thing all are determined—they will secure accommodations of some kind somewhere in Chicago during the period of their convention, even if they have to put their coats on the sidewalk.

The "Suffrage Special" is making its way today across the Kansas prairie, stopping for platform meetings and depot demonstrations. Last night a meeting was held in Wichita. Among the short stops on the road today are Newton, Hutchinson and Dodge City.

The envoys will hold meetings in Colorado Springs and Denver tomorrow.

CATARRH GERMS EASILY KILLED

Only Way to Cure This Disease Is to Destroy Its Cause.

If you have catarrh and want to get rid of it you must kill the germs which cause catarrh. Bismach, douching, ointments, sprays, creams, douches, etc., fail because they overlook this fact. They all help by giving temporary relief, but they do not reach the germ life that has found lodgment in your head, nose, throat, and could not destroy it if they did.

The best known way of destroying the dangerous germs of catarrh is consequently ending the disease itself, is to breathe into the air passage of your nose and throat the pleasant, penetrating air of Hyomel (pronounced High-o-mel). Hyomel is made from purest oil of Eucalyptus combined with other powerful, healing, antiseptic and germicidal ingredients. You breathe it through a little pocket inhaler which is sold at all drug stores and other leading druggists in Washington and vicinity are furnishing with every complete treatment. Every time you inhale the sweet, fragrant air of Hyomel through this little device you are drawing into your swollen, inflamed, germ laden membranes a medicated air which will not only reduce all the swelling and inflammation and open your clogged nose and stopped up air passages, but will absolutely and positively destroy every trace of catarrh germ life it reaches. Druggists are so sure of the blessed, healing relief that Hyomel brings to catarrh sufferers that they sell it invariably on the positive guarantee that money paid will be refunded if successful results are not secured from its use. Get a Hyomel outfit from your druggist today and begin at once to drive this dangerous and disgusting disease from your system forever.—Adv.

HAD BACKACHE AS FAR BACK AS HE COULD REMEMBER

Benj. Warren, of This City, Gains Eight Pounds and Gets Over His Troubles.

"As far back as I can remember I've suffered with backache," said Benj. Warren, of 319 John Marshall Place, "but they are all gone now and the way I'm feeling I don't think they will return. In addition to the pains I had a terrible burning sensation on my left side that extended around all over my kidneys. I was getting very weak and none of the medicine I took seemed to do me any good. My appetite was poor, and I didn't sleep sound. In fact I was in a bad way. I had read the statements in the papers of people who praised Drecto, so got a bottle. At the end of this first bottle I was convinced I had found the very thing I needed, so without stopping I took four bottles. My appetite returned to me from the first bottle, my sleep was restful and I was feeling better in every way. Now I'm much stronger and have gained eight pounds in weight. The burning sensation has disappeared entirely and I have no more pains. Drecto did just what I wanted it to, and I gladly recommend it, as I believe it is the greatest medicine in the world."

Drecto is a great reconstructive tonic and rebuilds a rundown system. It increases the appetite, produces more weight and puts vim and energy into those sluggish organs. This great herb remedy is sold at all the O'Donnell Drug Stores; Allen's Drug Store in Alexandria; Bury's Drug Store in Anacostia. Price, \$1.00 a bottle.—Adv.

URGES CAMPAIGN TO GAIN D. C. SUFFRAGE

Frank J. Hogan Asks Merchants to Seek Pledges From Both Political Parties.

The merchants of Washington have been asked to launch a campaign to obtain platform pledges from both the Democratic and Republican parties to grant suffrage to residents of the District of Columbia.

Frank J. Hogan, candidate for delegate in the Republican national convention, in an address last night before the Retail Merchants' Association at the Raleigh Hotel, dwelt upon the advisability of such a movement, declaring that the time is particularly opportune now, in view of the agitation before Congress, to obtain representation for the District in that body.

Predicts Business Boom. Mr. Hogan's general subject was the part that business men should play in the development of public questions. He advocated more cheerful acceptance of jury duty by business men as a means of elevating the jury system, and advocated a scientific tariff.

S. C. Graham, treasurer of the association, in a review of commercial conditions, declared that "nothing short of an invasion can prevent this country from having the greatest business it has ever enjoyed during the next two years."

Isaac Gans, second vice president, spoke on "Business Ethics."

For "Boosters" Committee. President R. P. Andrews was directed to appoint a committee of five, to be known as a "boosters" committee. This committee will arrange a trip to promote trade along the Potomac river. It also will look after the details of participation of the association in the convention of the Associated Advertising Clubs of the World, to be held in Philadelphia, June 2 to 10.

The action of the board of governors in co-operating with the Housekeepers' Alliance in the war on waste, was indorsed.

MANY KINDS OF RHEUMATISM, ONE SURE MODE OF TREATMENT

Whether your trouble is Sciatica, Lumbago, or the dreaded Articular Rheumatism, the answer is the same. You must treat it through the blood. That is the only way to rid the system of uric acid, purify the blood and revitalize the nerves. If the blood is freed from impurities, Rheumatism must go. This, in short, is the knowledge gained by the laboratories of the S. S. S. Co.

These tests have been made for fifty years. They know what Rheumatism is. They know that Rheumatism is a blood poison. They know that Rheumatism is a blood poison. They know that Rheumatism is a blood poison.

Among those present were Chief Justice Shepard, of the District Court of Appeals; Chief Justice Covington, of the District Supreme Court; George C. Todd, assistant to the Attorney General; Assistant Attorneys General Ernest Knaebel, E. Marvin Underwood, Charles Warren, and S. H. Thompson, Jr.; District Attorney John E. Laskey; Morgan H. SENTENCES T. USTEE TO FOUR-YEAR TERM

Justice Siddons Then Places Prisoner on Probation.

Upon his plea of guilty to three indictments charging misappropriation of funds as trustee in bankruptcy proceedings, John R. Lang today was sentenced to four years' imprisonment by Justice Siddons, in Criminal Court No. 1.

The sentence was then suspended, and Lang was placed on probation. The penalty attached to only two of the indictments, the court electing to continue sentence on the third. Attorney J. William Shea appeared for Lang.

Friends of Lang assured the court that this was his first appearance in court, and promised that he would endeavor to retrieve himself.
